Coverage for ABA Delivered via Telehealth

At least two states specifically include coverage for ABA delivered via telehealth in their mandate to cover ABA for autism:

**Nebraska**
(NRS 44-7,106)

(c) Behavioral health treatment means counseling and treatment programs, including applied behavior analysis, that are: (i) Necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual; and (ii) **provided or supervised, either in person or by telehealth**, by a behavior analyst certified by a national certifying organization or a licensed psychologist if the services performed are within the boundaries of the psychologist's competency;

**Alabama**
(AL Code 27-54A-2)

(3) Behavioral health treatment. Counseling and treatment programs, including applied behavior analysis that are both of the following:

a. Necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual.

b. **Provided or supervised, either in person or by telemedicine**, by a Board Certified Behavior Analyst, licensed in the State of Alabama, or a psychologist, licensed in the State of Alabama, so long as the services performed are commensurate with the psychologist's formal university training and supervised experience.

c. Behavioral health treatment does not include psychological testing, neuropsychology, psychotherapy, intellectual assessment, cognitive therapy, sex therapy, psychoanalysis, hypotherapy, and long-term counseling as treatment modalities.
