AUTISM CARE
DEMONSTRATION
REQUESTS

TRICARE providers of applied behavior analysis (ABA) services respectfully request your leadership in making the following changes to the TRICARE Autism Care Demonstration (ACD) program:

• Allow the National Academies of Science, Engineering, and Medicine to begin their analysis in accordance with the FY2022 NDAA timeline.
• Permit the American Medical Association's CPT codes to be delivered in accordance with generally accepted standards of care.
• Return ABA reimbursement rates according to those that were set May 1st, 2021.
• Use the Child and Family Quality of Life (2nd Edition) scale to measure the impact of ABA services on caregivers in lieu of the PSI-4/SIPA.

The Council of Autism Service Providers (CASP), a nonprofit trade association, welcomes the opportunity to continue this important discussion. Please reach out to Judith Ursitti, CPA, Vice President of Government Affairs at jursitti@casproviders.org.
