Putting On Personal Protective Equipment (PPE)

Step 1: Hand Hygiene

Step 2: Put on Gown/Trash Bag/Poncho

Cut a slit up the back of the trash bag; leaving about 5 inches at the top.
Putting On Personal Protective Equipment (PPE)

Step 3: Put on Surgical Mask

The mask should cover your mouth, nose, and chin, with the colored side facing outwards. The thin metal wire along the upper edge of the mask should be pressed gently against the bridge of your nose.

Step 4: Put on Eye Protection

Step 5: Put on Gloves
